EDUCATION

Wellspring International Bilingual School Hanoi, Vietnam
American Dual course 2023 - 2026

- **GPA**: Grade 10: **9.38/10** | Grade 11: **9.4/10** | Grade 12: **9.4/10**

Standardized Tests

- **SAT**: 1500
- **IELTS**: 8.0
- **AP:** Chemistry: **5/5** (2024) | Biology: **5/5** (2025) | Microeconomics: **4/5** (2025)

AWARDS

The Hongkong International Science Olympiad (HKISO) 2021 - 2025

An international competition covering Physics, Biology, Chemistry, and Integrated Science, attracting up to 7000 participants annually; awards are based on overall performance, with Gold, Silver and Bronze corresponding approximately to the top 8%, 16%, and 24% of participants.

- Earned Gold Award in the 2021 - 2022 Heat Round and Silver Award in the 2021 - 2022 Final Round
- Earned Bronze Awards in the 2022 - 2023 and 2024-2025 Heat Rounds

Science and Passion (SAP) 2024 - 2026

A school-level multidisciplinary science competition featuring quiz and live experimental challenges across Physics, Biology, Chemistry, and General Science.

- Won First Place across multiple rounds, leading up to a First Place in the 2024 - 2025 Final Round; competed against 7 other outstanding school representatives

School-Level Excellent Student Selection Exam 2025

- Placed Second in the internal selection exam by Wellspring for Chemistry; selected to represent the school in the Vietnam's National Exellent Student Competition

Wellspring Merit Scholarship 2022 - 2023

- Obtained a merit-based scholarship totaling VND 14,000,000 in recognition of outstanding performance across multiple standardized tests: **IELTS 7.5** and **PSAT 1310**

PROJECTS

Innoverse 2026 - Research on the Effectiveness of Nanomaterials in Medicine Feb 2026 - Aug 2026

- Investigated the effectiveness of nanomaterials in biomedical applications by comparing their effectiveness against crude-extract counterpart (Project Showcase)
- Produced Cordicep Militaris nanopowder using the top-down method by mixing the crude extract with lecithin and maltodextrin before processing the dry mixture in a ball mill
- Obtained improved aqueous dispersibility with an OD600 value nearly six times higher than the crude extract and a wider cytotoxic activity across all four cell lines (A549, MCF-7, HL-60, HepG2) in the processed nanopowder

LEADERSHIP

IOGT-VN Soft Skill Training on Teamwork & Leadership Dec 2024

- Participated in a two-day outdoor programme aimed at honing effective communication, collaboration and leadership skills for young student leaders
- Cooperated with randomly assigned teammates to execute smooth and efficient navigation through a series of hypothetical problems given limited tools and tight time constraints
- Completed all the challenges successfully through active listening, attention to details and trust in team members

Wellspring Hunger Games 2024 Mar 2024

- Participated in a two-day internal training event hosted by the school committee to promotes tenacity, perseverance, and optimism among the student body
- Completed a series of survival, puzzle and navigation challenges in the wild to hone critical life skills

EXTRACURRICULAR ACTIVITIES

Country Representative - WIS Conference #12 Nov 2023

- Partook in a Model United Nations-style conference to debate on critical and challenging global issues
- Represented Vietnam in the UNWTO committee to discuss the "Promotion of Sustainable Tourism in developing countries"; Ranked 4th best among 24 delegates

Volunteer - National Institute of Hematology and Blood Transfusion Donation Jul 2026

- Led fundraising activities in a team of 10 to donate a total of 100 gifts to children suffering from Thalassemia and Hemophilia from the National Institute of Hematology and Blood Transfusion
- Gained deep insights about Thalassemia and its hereditary nature while providing emotional support for patients

Participant - Tram & Cham Project Nov 2024 - Jan 2025

- Took part in an annual school project aimed at educating students about personal well-being and the beauty of various subject combinations, promoting multidisciplinary learning across Humanities, Natural, Formal, and Social Sciences
- Planned interactive experiments for the student body and took charge of videography for the event as a representative of the Science and Tech streams

Participant - Wellspring High School Happy Run Mar 2024

- Completed a 5km run as part of the school's annual charity event to raise funds for Spring In My Hands - an initiative aimed at delivering humanitarian support and educational resources to disadvantaged communities

SKILLS

Interests: Origami, Piano
